150 Hippies

Fresh Hop Pale Ale

It's the time of year when the days slowly become shorter, the Central Oregon Nights become Colder as the frost threatens our gardens, and of course, The annual FALL HOP HARVEST! 150 Hippies is a celebration beer, to the anticipation of the year's crops, and a new lineup of Northwest grown Hops. We used Straight off the Vine, Amarillo Hops in this year's Fresh Hop Pale Ale! Amarillo is one of the top 10 used varieties in America. It was developed in the Yakima Valley by the Virgil Gamache farms. With reliable bittering compounds, and a very high oil content, Amarillo is widely used throughout the brewing process. Amarillo has High Orange and citrus aromas, with pleasant fruity finish on the palate.
